

COACHING POSITIONS EXPRESSIONS OF INTEREST

Pennant Hills Australian Football Club are seeking expressions of interest for the Premier Division Women coaching position for season 2025.

The individual we seek would hold a minimum Level 2 coaching accreditation and have experience coaching women's football.

The Premier Division Women's coach would also head up women's football for the club. This would involve developing the game plan and educating and training this to the players and lower division coaches. You would assist the lower division coaches with their development and developing talent depth in the playing group. Coaches will also assist in building and maintaining the interface with our junior feeder clubs through participation in coaching development initiatives and joint training sessions.

All coaching staff will work together as a team across the club with the goal of maximising performance on the field and participation off the field and assisting each other to become better. Coaches are the key driver of the club culture and as such are expected to uphold and drive the club standards.

The Coach will be expected to have a desire to continue their own development, for which they will be supported by the club. Successful coaches will enter a contract agreement with the club.

If you are interested in joining one of Sydney AFL's best coaching teams, please send your application with resume to our Football Operations Manager at: football@phafl.com.au by 12th November.
